

Judson Road Animal Clinic

Client/Pet Photograph Release Form

Judson Road Animal Clinic (JRAC) maintains an Internet (website, Facebook page, etc.) and public relations (flyers, mailings, etc.) presence for purposes including marketing and client education. Part of this presence includes posting and disseminating photographs of our practice and its daily workings. Therefore, we may be interested in using images of your pet(s) and/or family as part of the effort to maintain, expand, and educate the public about our business and services. We would refer to pets and people pictured **by first name only**, if at all.

Please let us know how we may use/post photographs of your pet(s) and/or family:
